

Hello Alvey Families,

We are officially counting down the days to our 3rd grade SOLs! It is time to start preparing and studying. The third grade team is so excited to introduce our annual “Reading Readiness Challenge.” This will be a challenge amongst all of the third grade classes to see which class can read the most passages on SOLPass. SOLPass is a website that has previous SOL passages and questions for students to use for practice.

The “Reading Readiness Challenge” will continue to replace homework as the math SOL review packets have until the SOLs. We will not be assigning students a passage each night, it is up to them to decide when they would like to complete each passage. **In order to receive credit students will need to receive an 80% or higher on the comprehension questions.** The score will appear when they submit it at the end. If their score is not an 80% or higher they will need to answer the questions again. Students will be able to read the passages and answer the questions on SOLPass as many times as they wish. When the student receives an 80% or higher they will record this on their recording sheet. **Please sign your initials next to your student’s score to hold them accountable.**

Your student will need to bring the green recording sheet to and from school every day. The green recording sheet will be added to the yellow SOL homework folder. We will have a chart in the classroom and hallway for students to see which class has read the most. As soon as a student has an 80% or higher and parent initials on their recording sheet they will get to put their own tally mark on the chart!

We are so excited for this challenge and hope you are too. We will have a prize for the winning class at the end of the challenge. Thank you for your support as we prepare for the reading SOL!

Thank you,
The Third Grade Team
