# Adding Multiple Students to your Observer Account in Canvas

1. Make sure that you have obtained a pairing code from each of your child's Canvas accounts.

2. Set up your Parent Observer Canvas account [here]. Use the paring code for one of your children to set up the account.

3. After you have set up your Parent Observer Canvas account, log in.

4. Click on "Account."

5. Click on "Observing."

6. Type in any additional pairing codes and click +Student.
